(2 Hours)

INSTRUCTION TO STUDENTS

1. This Question paper consists of 3 pages including cover page.
2. Answer **ALL FOUR (4)** questions.
3. Marks for each of the questions are given.
4. Please write your answers in the Answer Booklet provided.

QUESTION 1

The Personal Data Protection Act 2010 is an important piece of legislation that will ensure greater protection for Internet consumers. Discuss the significance of the Act and the relevant provisions .

(Total Marks : 25 marks)

QUESTION 2

John a student from Apple University was charged with using modified software to infect computers and create "warmet" virus that he exploited to obtain credit card and banking information. After victims downloaded the software, John gained control of their computers, allowing him to obtain credit card and banking information from the compromised computers. He also used the compromised computers to carry out an Internet attack on an online business in Cyberjaya, Malaysia. The users of those compromised computers were unaware that their computers had been turned into "warmet," they continued to use their computers to engage in online banking and purchases.

Advise the University regarding John's criminal liabilities by referring to the relevant Malaysia Cyberlaws.

(Total Marks: 25 marks)

QUESTION 3

(a) Identify the appropriate cyber laws that an inventor needs to be aware of in order to avoid any infringement of intellectual property. Justify your answer by citing relevant statutory provisions.

(10 marks)

(b) It is common practice for YY Sdn Bhd to copy and forward those software to other staff. Does such forwarding constitute copyright infringement? In your answer be sure to specify which, if any, of the exclusive rights may have been violated by the act of forwarding and what remedies if any, might a successful plaintiff be able to obtain?

(15 marks)

(Total Marks: 25 marks)
